

Peter Sheridan

Professional Qualifications

B.A (Hons): University of Oxford
Solicitor, England & Wales.

Reputation

Peter is recommended in all the major legal directories: listed as an expert of Legal Experts; “singled out as a great cerebral lawyer”, commended for clear identification of options and pragmatic advice and described as a “key individual” and “highly regarded” in the Legal 500; listed as a leading individual with an impressive skill set and noted for PFI disputes experience in Chambers Guide to the UK Legal Profession.

Comments in clients’ perception audit: “in Peter Sheridan they have one of the leading construction lawyers in the UK”; “personal input from Peter Sheridan is an important factor to us”.

Experience

Peter has been a specialist construction lawyer for 25 years, including 17 years as a partner at Shadbolt LLP and latterly as a founding partner at Sheridan Gold LLP. He has dealt with a wide variety of sectors, including all types of building for commercial and residential property, data centres, football stadia, sports fields and athletic tracks; facilities management; energy, including LNG projects, hydro-electric schemes, power stations, energy from waste, biofuel, nuclear; transport (rail, roads, ports and airports), process plant, water and water treatment; cable communications; major road, bridge and viaduct projects; land reclamation schemes, coastal protection schemes; tunnels, docks, jetties, quays and berthing dolphins.

In addition to his dispute resolution expertise, Peter has extensive drafting experience in relation to major construction and engineering contracts and has been engaged to draft provisions for standard forms used in both the building and civil engineering industries. His non-contentious work includes drafting contracts, sub-contracts, warranties, guarantees, bonds and professional engagements. Peter has experience of dealing with all the industry standard forms including JCT, ICE/FIDIC and NEC/ECC. A full experience statement is available on request. Contact Peter Sheridan.
